

Make “the Face of Your Machine” Stylish with a Choice of Bezels (TS4000 series)

Example

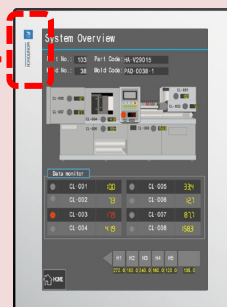

Created a screen program to make use of the wide LCD, but the logo is bothering ...

The orientation of the screen and the logo don't match... Isn't there a way?

Equipment manufacturer

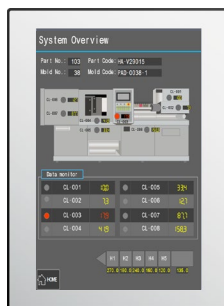

Logo

Try the model with the no-logo bezel!

It looks great even when placed vertically!

Cleaner look without the Logos to achieve sophisticated design for your machine!
